

BAKEHOUSE ART COMPLEX

EST. 1986

Bakehouse Art Complex is the working home to over 100 Miami-based artists that are representative of the city's artistic backgrounds and diverse heritages. It is the largest art-making platform in the region, connecting and elevating Miami-based creatives in pursuit of shaping, reflecting, and transforming the world through the power of art.

Our nonprofit's mission is to address the need for affordable live, live-work, and work spaces for artists in Miami's urban core. By providing affordable, long-term access to artmaking infrastructure and soon affordable housing, we allow Miami's creative community to thrive.
